Have You Adequate Telephone Service?

DID YOU EVER STOP TO CONSIDER THAT AN EXTENSION STATION UPSTAIRS WOULD SAVE YOU MUCH TIME AND MANY NEEDLESS STEPS?

Mountain Home Telephone Company

USE THE TELEPHONE TO REPORT FOREST FIRES

The State Conservation Commission maintains a force of men to fight forest fires, but the help of every person who goes into the forest for business, or pleasure, is needed to make the work of these men effective.

If you discover a forest fire report it at once to the nearest forest ranger.

Do not throw lighted matches, cigars or cigarettes where they may start forest fires.

Do not leave your camp fire until you are absolutely sure it is out.

Exercise the same care with fire in the forest that you would take in your own home. The law requires it.
