

Going Green in Arlington Heights

The Public Works Department/Forestry & Grounds maintains the parkway trees by pruning, removal, disease control and planting. The department also provides other necessities of suburban life such as street sweeping, mowing and landscape maintenance, snow removal and ice control to provide a pleasant and safe environment for the Village's residents. They are committed to working harder and smarter in order to continue the high level of service that the residents of Arlington Heights have come to expect and deserve.

Join us this evening to discuss our communities Green Practices for ice removal, the Forestry Tree University, Landscape & Tree Maintenance and the brand new Turf to Prairie Project!

Join Us! 7pm Social 8pm Program

Monday October 28, 2019

Arlington Heights Village Hall
