

MOLLER INTERNATIONAL FINDERS AGREEMENT

1. This agreement is made between Moller International, Inc. hereinafter called “Moller” or the “Company”, and _____, hereinafter called the “finder”. Moller hereby grants the finder the non-exclusive right to represent Moller in connection with the identification of potential customers, sponsors, licensees, joint venture partners, manufacturers or investors (each, a “Partner”) for the Company (the “Engagement”). This Agreement is not an agreement by the finder to underwrite, place, and/or solicit any offer to purchase or purchase securities of any kind.
2. This agreement is for a term of _____ from the date of the last signature unless sooner terminated in writing for cause by either party. If, at the conclusion of the defined period, a memorandum of understanding has been signed between Moller and finder’s prospective Partner, then this Partner will remain the finder’s for an additional 180 days.
3. The fees payable to the finder in connection with the Engagement will depend on the outcome of the Engagement. For each transaction with a Partner identified or introduced to the Company by the finder that is closed, including any transaction which, directly or indirectly results in cash or other proceeds to the Company, whether the transaction is in the form of a sale or license or assets, products or intellectual property, the manufacture of products developed by the Company, the formation of a joint venture or other partnership, the sale or issuance of capital stock, promissory notes or other investment instruments, or the securing of financial benefits to the Company in any way, the Company shall pay to the finder a transaction fee equal to a percentage of the aggregate consideration received by the Company in connection with such transaction as set forth in the following table, provided however, that the percentage of proceeds from a transaction structured as a loan which must be repaid in full shall be the percentage set forth below, divided by two:

Aggregate Consideration per Transaction	Percentage of Aggregate Consideration per Transaction Payable as Transaction Fee
Any amount up to and including \$3 million	Five percent (5%) of such amount
Amounts in excess of \$3 million up to and including \$8 million	Four percent (4%) of such amount
Amounts in excess of \$8 million and including \$17 million	Three percent (3%) of such amount
Amounts in excess of \$17 million and including \$50 million	Two percent (2%) of such amount
Amounts in excess of \$50 million	One percent (1%) of such amount

4. If any portion of the aggregate consideration to be received by the Company is paid into escrow or is contingent upon the occurrence of future events, including the passage of time, such consideration shall be deemed to be part of the aggregate consideration received by the Company and the transaction fee of the finder relating to such consideration paid into escrow shall be calculated and paid if and when amounts are released to the Company from escrow or if and when such contingent consideration is received by the Company, provided however, that the Company and the finder may elect to calculate the fees payable in respect of such future consideration on a net present value basis at any time by mutual written consent of the Company and the finder. All fees payable by the Company to the finder shall be paid in U.S. dollars.
5. If any portion of the aggregate consideration is paid to the Company in any form other than cash, including property or securities (debt or equity), the value of such property, for the purposes of

calculating the transaction fee, shall be fair market value on the day prior to the closing of the transaction, as determined by an independent valuation firm mutually acceptable to the Company and the finder.

6. The Company shall be responsible for any sales, use or similar taxes (including additions to such taxes, if any) that may arise or be assessed in connection with any matters referred to in this Agreement.
7. For the purposes of determining Partners identified or introduced to the Company by the finder, the finder shall inform the Company in writing of the identity of the proposed Partner. Unless the Company can demonstrate that it is actively negotiating with the proposed Partner with respect to a transaction, such Partner shall be deemed to be identified by the finder. The Company shall have no obligation to complete a transaction with any Partner.
8. All performance by finder under the terms of this agreement shall be at the sole expense of finder; however, Moller may, in its sole discretion, provide brochures and other company information without charge. Finder is hereby authorized by Moller to provide company literature to prospective Partners.
9. All finder fees payable under this agreement shall be paid net 30 days upon Moller's receipt of the funds on which such fee is payable.
10. This Agreement may be signed in counterparts and by telecopy, or other commonly acceptable form of electronic transmission, each of which shall be deemed an original and all of which taken together shall constitute one agreement.
11. All representations and warranties made herein shall survive the execution and delivery of this Agreement and any reassignment.
12. This agreement is made in and shall be governed by the laws of the state of California, U.S.A.
